

# Autumn Homework

Here is our homework grid for the Autumn Term. Remember, you don't have to do them all! Try to complete 4 activities before the end of the term. Some may take longer than other, but that's okay. Get your family and friends involved with what you have been about learning at school. We will share homework on Thursday mornings, I look forward to seeing it!

Make a passport for yourself using the French vocabulary we have learnt this term, include a picture. (French)	Create a poster to show the different ways we can show respect for God's love. (R.E)	Design, or make a healthy balance meal, take a picture and label it. Can you say which food groups the foods belong to? (Science)	Some Egyptian gods had human bodies and heads the shapes of an animal. Create your own and draw a picture of it. (History)
Find out 10 facts you did not know about Egypt. (Geography)	Look for things around your house which are made using printing, Draw or take a picture of them. (Art)	Design a poster for our computer area about being safe using the computers and the internet. (Computing)	Write a recipe or set of instructions of how to prepare some Egyptian food. You could write about the food that you prepared in school! (D.T)
Choose an electronic device from home. Write a set of instructions, including diagrams, of how to use it. (Computing)	Write a set of instructions for brushing your teeth properly. (Science)	Create a leaflet about the importance of water safety and how we can keep safe. (P.E)	Turn someone you know into a mummy and take a picture! You might want to use toilet roll! (History)
Write a diary entry as if you were Howard Carter. (English)	Write a secret message in Roman numerals, with an alphabet key. (Mathematics)	Create a rap or a song to help you remember how to do something in maths. (Mathematics)	Make a booklet to welcome somebody new to our class. Tell them about 3Q and our class routines. (SEAL)
