

## Year 2 Spring 1 Homework Grid

Please remember these are optional to the Friday challenge homework and your child can choose which ones they want to do. You don't need to do more than 1 a week. Thank you for all your help.

<p><b><u>Design your own island.</u></b>            What would it have? What would grow on it?            What/who would live on it?            Would there be any buildings?</p> <p>If people live on it, how do they travel to other islands?            How do they talk to other people on islands?</p>	<p><b><u>Castaway!</u></b>            Imagine you are stuck on a desert island. What 3 things would you wish you had with you and why?</p>	<p><b><u>R.E.</u></b>            Make a poster, fact file or a picture to describe a good friend that you know. Why are they a good friend?            What is your favourite thing about them?</p>
<p><b><u>Research lighthouses.</u></b>            You can produce your work in any way you want – a model of a lighthouse, a collage of pictures of lighthouses, a fact file on lighthouses. These can be written or done on the computer, or be creative.</p>	<p><b><u>Plan a healthy meal.</u></b>            What do you need in it for it to be healthy and why.</p>	<p><b><u>Find a way to keep fit and try it a couple of times in one week.</u></b>            What did you do? Star jumps, running, playing football, skipping?</p>
<p><b><u>Find 10 things in your house that use electricity.</u></b>            How do they work? Do you plug them in? Do they need batteries?</p>	<p><b><u>Find a song about the sea and being sailor.</u></b>            If you can, learn a part of it.</p>	<p>Choose something we are learning about this half term (see the overview on the other side) and choose to research or do some exciting work related to it.</p>

Some useful websites to try for some grammar and English activities.

Nouns and verbs:
